IF INHALED: Remove victim to fresh air. If not breathing, give artificial respiration. Administer oxygen if necessary. Get medical attention.

IF ON SKIN: Immediately wash skin with plenty of soap and water.

IF IN EYES: Hold eyelids open and flush with a gentle stream of water for fifteen minutes. Get physician (if possible, an eye specialist).

IF SWALLOWED: Do not induce vomiting. Promptly drink a large amount of milk, egg whites, gelatin solution or, if these are not available, large amounts of water. Do not drink any alcohol. Call a physician immediately.

NOTE TO PHYSICIAN: There is no specific antidote. All treatment should be based on observed signs and symptoms of distress in the patient. Victims of overexposure by inhalation should be kept under medical observation for up to 72 hours for delayed onset of pulmonary edema. For a victim of overexposure by ingestion, careful gastric lavage is required due to the possibility of stomach or esophageal perforation.

EXTINGUISHING MEDIA: Will not burn. Use appropriate extinguishing media for material that is supplying fuel.

FIREFIGHTING INSTRUCTIONS: Evacuate area and fight fire from a safe distance. Dike and collect water used to fight fire to prevent environmental damage due to run off.

FIREFIGHTING EQUIPMENT: Self-contained breathing apparatus with full face piece. Full firefighting turn-out gear (Bunker gear).

HAZARDOUS COMBUSTION PRODUCTS: Hydrogen chloride.

SECTION 6 - ACCIDENTAL RELEASE MEASURES

Clean up spills immediately, observing precautions as described in Section 8. Isolate hazard area. Keep unnecessary personnel from entering.

SMALL SPILL: Absorb on absorbent material such as sand, vermiculite or fuller's earth. Place contaminated material in appropriate container for disposal.

LARGE SPILL: Dike large spills using absorbent or impervious material such as clay or sand. Recover and contain as much free liquid as possible. Do not allow any material to run off into soil, drainage systems, or bodies of water. Notify and consult with proper regulatory authorities.

SECTION 7 - HANDLING AND STORAGE

KEEP OUT OF REACH OF CHILDREN!

HANDLING: Avoid contact with eyes, skin, and clothing.

STORAGE: Store in a tightly closed container. Keep away from food and drinking water.
